PUBLIC NOTICE

*****Hydrant Flushing***
Various Locations
August/September 2026**

Public Works crews will be flushing hydrants in various locations across the Village of McBride beginning early August 2026.

During this process, residents may notice a temporary discolouration of the water or lower water pressure.

- If you notice a change in water colour, run your tap until the water turns clear.
- Water pressure changes are due to flushing the hydrants, and pressure changes will last approximately 30 minutes.

We appreciate your patience and cooperation as we complete this important maintenance work.

ICBC Safety Tips - Back to School

Tips for drivers:

- Every school day, unless otherwise posted, a 30 km/h speed limit is in effect in school zones from 8 a.m. to 5 p.m. In playground zones, a 30 km/h speed limit is in effect every day from dawn to dusk.
- Watch for school buses. When their lights are flashing, vehicles approaching from both directions must stop.

Tips for parents and caregivers:

- If you drop off your child in a school zone, they should exit the car on the side closest to the sidewalk.
- Teach your child the basics of crossing the street:
- Stop at the curb or edge of the road.
- Look left and right for oncoming vehicles, then look left over your shoulder for vehicles that might be turning.
- Make sure all vehicles have stopped before entering the road. Make eye contact with drivers before crossing, even if the walk signal is on.
- When the intersection is clear, start crossing and keep looking for approaching vehicles.

If You Had to Leave in Ten Minutes, Would You be Ready?

Wildfire situations can change fast, and if an evacuation order is issued, there won't be time to gather what you need.

A grab-and-go bag solves that in advance. Medications, documents, chargers, water, and a change of clothes, packed and waiting by the door for each member of your household. Pets included.

If you already have one, this is a good time to check it over and replace anything that has expired.
