Winter Is Coming – Is Your Vehicle Ready?

Winter tires or chains are required on most routes in British Columbia from **October 1 to April 30**.

These routes are marked with regulatory signs posted on highways throughout the province. The Province reserves the right to restrict travel at any time of the year depending on road conditions. These signs are enforced by the police, ministry or other enforcement officials. Motorists who are not compliant may be turned away and fined.

The Robson Valley Agriculture Forum October 3–4, 2025

The Village of McBride hosted over 80 farmers, producers, market gardeners and interested residents of the Robson Valley from Valemount through to Dome Creek and beyond for a day and a half of presentations, workshops, panel discussions and networking. Topics ranged from on-farm emergency preparedness and advanced rotational grazing to native pollinators, farmland preservation, and emerging opportunities and innovations across the agriculture sector.

The Village extends thanks to Forum sponsors, including Robson Valley Hardware Corp, Cover & Co., Robson Valley Community Services, the Regional District of Fraser-Fort George, Horseshoe Lake Ventures, Four Rivers Co-op, Earthen Enterprises, and the Knowledge and Technology Transfer Program, delivered by the BC Ministry of Agriculture.

Thank you to Phillipsfillsups for the delicious catered lunch and goodies, to Mark Roth for his stellar performance as emcee, and to the Gigglin' Grizzly Pub where we all went to socialize and continue the conversation post-forum. Stay tuned for more information on www.mcbride.ca.
